

Independent Scholarship Award: A Level Art		
Bronze (Must Be Completed)	Silver	Gold
<p>This work is designed to prepare you for A level study, with a range of tasks you will do as part of your A level study.</p> <p>Skills include: Investigation and showing your understanding of art, recording, drawing, painting and using your practical skills, making connections between artworks, presenting, annotating and explaining your ideas and thoughts about art. Developing artwork in a personal and creative way based on what you have learnt.</p> <p><u>Find out about the 'Genres' in Art.</u></p> <p>Document each genre, with examples of your choice, drawn and printed if possible.</p> <p>See separate document on Genres in Art on the website and on Moodle.</p>	<p><b>Widen your Art Knowledge Internationally.</b> Art colleges, and particularly Art history courses are concerned that students often don't look beyond European Art in their work. Find out about the art from a different country to try to combat this bias. Document what you find.</p> <p><b>Make a piece of Art outdoors.</b> Either work outdoors, use materials found outdoors or display the work outdoors, Document it. Think: Andy Goldsworthy, Raku Inoue, making art from nature, landscape painters like the French Impressionist working 'en plein air,' Diana Wood using a pressure washer to draw with.</p> <p><b>Watch an Art documentary on TV or online.</b> It might be Art and history, Art and a place, a particular artist's work, or an 'Art detective' programme, showing the work of</p>	<p>Make and Keep a Sketchbook. See Separate file on Moodle and the website.</p> <p><b>Research the business of selling Art.</b> Find out about auction houses, commercial galleries, Art prices. How do artists get their work sold and make a career? Make a case study of an artist who interests you. Look at their website/ Twitter/ Instagram etc. You could even contact them or comment on their work.</p> <p>Produce a piece of Art, Craft or Design to show what sort of artist you want to be. (This could be a drawing, a painting, an art history presentation, a design, a set of photos, or a craft object you have made. Show us something about your interests and preferences in Art, craft or Design. )</p>

<p><u>Draw regularly (at least once a week) to keep up and develop your drawing and recording skills.</u> Draw/ paint/ photograph a selection of images. You choose the subject matter. Try out some of your drawings in a variety of materials and sizes.</p> <p><u>Make connections between 2 selected pieces of Art,</u> documenting your ideas and thoughts. (Summary: Select two artworks with a connection, one from the Tate Gallery website, one from the art and design website ‘Colossal,’ present them both, make the connection visually, then produce a creative response.)</p>	<p>scientists, restorers or Art historians. Document what you learn.</p>
