Key Events:

- GCSEs.
- A-Levels.
- Enrichment fair.
- Charity events.
- Duke of Edenborough.
- Colour run.
- Law society.
- Econ society.
- Engineering society.

Congratulations to:

Year 10 for completing their mock exams and for taking part in work experience!

Year 11 year 13 for completing half of your GCSEs/A-Levels. Good luck over the next few weeks!

House captains for their excellent house assemblies and organizational skills.

It's exam season! So, let's get revising to get the best results we can!

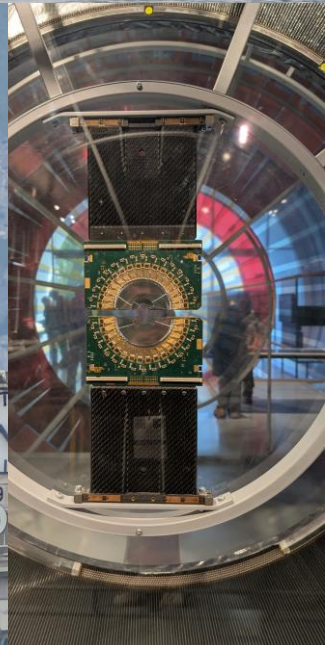

Student News

School Trip Crazy!

This Term the school has gone school trip crazy! There has been trips to Disney Land, Sern, along with multiple trips for geography! It truly is a privilege for the school to allow our students to experience such activities and trips.

Student News

Eco Pillar News

Recently, Eco Club has had a surge in attendees after last week's enrichment fair - I am so grateful and proud of the following people who took their time out to man the stall: Abi H and Emma D from Year 12, Tommy O from Year 8 and Annabelle C and Tola A from Year 7. We had games and some of our work on display, but the real stars of the show were the newts who said hello to all the attendees! Another exciting thing we have coming up is the Rainham Eco Awards where we aim to win the awards for the best Eco Team (we all know that's us anyway), the Eco creative award (Nathaniel W and Camron S in Year 7 as well as Thomas W in Year 9 have been diligently working away at this) and the Eco Shield which we hope to win from the Howard School! I would also like to thank the site team on behalf on all of Eco Club for their support in No Mow May, allowing us to measure the increase of biodiversity in the field behind the Music Block which was carefully calculated by brainiacs Soraya E and Bryony R in Year 9 and Alex LM in Year 12 who also found a super daisy in the school field - I'm still baffled about how that's even possible!

If there is anything Eco you'd like to suggest or be involved with, Eco Club meets every Wednesday lunchtime in D2 - we're a friendly bunch and everybody's welcome here. If you have any questions or queries, please email me - Amber -

Student News

Academic excellence pillar:

GCSEs and A-Levels are now in full swing, marking a crucial time for our students. Over the past few weeks, I've had the privilege of leading the Year 11 pre-exam support sessions, aimed at helping students feel more confident and prepared. A huge thank you to the Year 12s who generously gave their time to attend these sessions—your advice, encouragement, and guidance have made a real difference. Your support has truly helped create a positive and collaborative environment for our Year 11s during this busy period.

This term has also been packed with exciting school trips that have enriched our learning beyond the classroom. Year 10 and Year 12 students enjoyed an unforgettable cultural experience on the French trip to Paris, while Year 12 geographers took part in valuable fieldwork during their geography trips. I was also lucky enough to attend the Year 12 visit to CERN in Switzerland—a truly inspiring experience that deepened our understanding of science and sparked new academic curiosity. These trips have not only broadened our knowledge but also helped us see our subjects come to life in real-world settings.

Clubs and Societies:

I'm happy to say that the Year 7 Enrichment fair went according to plan and many students have joined new clubs. I'm also excited to introduce the a new fair that's being organised at the moment for year 12. This will be for societies and clubs.

Student News

Sports Pillar:

As the Sports Pillar, I'm excited to announce that we're planning a range of fun and active events for Charity Week to help raise as much money as possible for a great cause. Some of the ideas currently on the table include a Nerf Gun Tournament, and the Ice Bucket Challenge featuring teachers. These activities are designed to entertain, but to bring our RMGS community together and support those in need. We're also encouraging everyone to bring forward their own creative and fun ideas to make this week a success. The more involved we are, the more we can give — let's make this the biggest and best Charity Week yet.

Diversity pillar:

The Diversity team is excited to announce that Rainbow Friday will be taking place on the 27th of June. To celebrate all forms of inclusivity and diversity, students are allowed to come into school wearing the most colourful clothes they have! The traditional Pride Picnic will also be held on the field so students can enjoy their food in the sun, and the school canteen will also "rainbow" some food items as well! During form time, donations for the charity Just Like Us will be collected, so if you could spare some change please do. And remember, the more colour the better!

Student News

Careers:

We have a lot of events regarding careers this term, for example career surgeries after school, and the UCAS trip for year 12. If you have any questions or would like a meeting about your future career, please do not hesitate to email or find Mrs Williams to book an appointment!

Wellbeing

The Ice Bucket Challenge, featuring teachers and the prefect team, is planned as a fundraiser for Active Minds, a non-profit organization based in Washington, D.C., though the exact date is still to be determined. As part of Mental Health Awareness Week, various activities will take place during form time throughout the week, but it remains uncertain whether the presentation has reached all year groups and form groups as intended. Additionally, preparations for the Mental Health Fair are still in progress, with its date yet to be confirmed, as key discussions and planning steps are still pending.

Literacy pillar:

The literacy team is working on implementing a 'get caught reading' scheme for the lower school which should be rolled out during term 6. We have big plans for A11 so keep your eyes open!

What have we been reading?

Charlie: I have been reading to kill a mockingbird by Harper Lee; it's an incredible American classic about segregation and the biased legal system in the deep south. For me it's a 10/10 and i strongly feel that its a book everyone needs to read at least once!
