Headteacher's Message

Dear RMGS Community,

I hope this message finds you well. I want to take a moment to express my heartfelt gratitude to Miss Smallwood, our Head of Music, and Mr. Holeyman, our Teacher of Music, for leading a truly successful and inspiring Spring Soirée. It was a fantastic evening that showcased the remarkable talents and creativity of our students across a diverse array of musical genres, from rock to gospel, with an impressive variety of instruments. This event perfectly reflects the passion of our music department and their unwavering commitment to inspiring young people to embrace music.

A huge thank you also goes to our parents and staff who came out to support this event. We are incredibly proud of every young person who performed and had the courage to share their musical talents. Special thanks to our Year 12 prefects for their assistance at the front of house, and to our student-led stage management team for their skills and expertise in making the evening run smoothly.

I would like to take a moment to shine a spotlight on our Year 13 students, who performed for the last time as RMGS students. Hearing their speeches was truly emotional, and it was evident how central the music department has been to their lives here. We wish them all the best in their next steps.

A warm thank you to Linda Bourne, Chair of the Academy Committee, for attending the soirée. As we transition through this term, we also reflect on the recent International Women's Day. We will be highlighting the many local women who inspire girls and women of all ages, and I want to express my appreciation for Mrs. Napier and Mrs. Horstrup for their ethical leadership and dedication to supporting young people in Medway. Their commitment is a true inspiration.

I'm thrilled to share some exciting news about our students Inaaya, Betsy, and Imogen, who have taken the initiative to start their own netball team. They reached out to friends, organized their team, entered a league (with some parental support), and committed to playing weekly against adult teams throughout the winter season. Their hard work has paid off—they have won their entry division by a significant margin! This achievement showcases their determination, confidence, and teamwork. They have represented themselves exceptionally well and should be immensely proud of their accomplishments.

Headteacher's Message

Additionally, I want to commend our students who have participated in various theatrical performances. I had the pleasure of attending the Year 9 production at The Glass Box last Friday, where the talent on display was truly impressive—I found myself humming the tunes all week! Thank you to Ms. Macken and Miss Barry for leading this production. Mrs. Napier and Ms. Tappous also reported on our students' outstanding performances at the Woodville Theatre for the Shakespeare Schools Festival, highlighting the courage and talent exhibited by our young performers, especially our Year 13 students who supported their peers.

Thank you to our Expressive Arts department led by Ms Macken for a week filled with creativity and a strong commitment to the power of the arts.

Wishing you all a thoroughly enjoyable weekend, and we look forward to welcoming our students back on Monday.

Yours sincerely,
Agnes Hart

Notice for Year 11 & 13 Parents

Exam Season & Hay Fever

It is that time of year when the sun comes out, and the pollen count rises. This can cause streaming nose and eyes, for those suffering with Hay Fever.

Hay Fever symptoms can badly affect student concentration and performance in school. This is particularly important for students in examination years.

We recommend that students who suffer from hay fever begin taking their medication early so that it is effective before their exams start.

Rainham Mark Grammar School wins Bronze at 2025-2026 Wilder Kent Awards

Rainham Mark Grammar School are proud to announce they have won *bronze* at this year's Wilder Kent Awards for their hard work in helping to create a Wilder Kent.

The awards, presented by Kent Wildlife Trust, saw 90 organisations shortlisted, with 25,000+ individuals recorded as having taken action for nature. Their efforts resulted in a staggering 400,000+ people across the county receiving the nature benefits from the actions taken by the entrants. In total, almost 70 hectares were improved or restored for nature - that's the size of 98 football pitches.

There was real diversity with the groups and organisations who took part, from businesses and community groups, to schools, nurseries, colleges and universities, as well as village, town and city councils. 22 groups received the highest accolade of gold, 25 silver and 31 bronze, with 10 awarded commendations for their efforts. They received their awards at a wonderful ceremony at Chapel House Estate on Saturday, 7th March, with a special appearance and keynote speech by Giles Clark, a passionate conservationist, television presenter, naturalist and powerful advocate for wildlife and the natural world.

Key facts:

- 90 winning groups – 10 Commendation, 31 Bronze, 25 Silver, 22 Gold
- 25,000+ people recorded as having taken positive action for nature
- An estimated 400,000+ people recorded as having benefited from the various projects
- An estimated 67.7 hectares improved/restored for nature as part of the various projects - that's roughly 98 football pitches

Kent Wildlife Trust set up the Wilder Kent Awards back in 2020 as a way of recognising and rewarding the positive actions that groups across Kent are taking in order to protect wildlife and safeguard nature for future generations.

Kent Wildlife Trust's Education Manager, Tom White, said: "Every year we are blown away by the entries we receive. To be given an insight into so many fantastic projects, taking place all over the county, is a real privilege. These projects are creating habitats for wildlife, restoring natural spaces, and working to tackle the climate and biodiversity crisis we all face.

These awards don't only celebrate the actions taken for nature and the impact these actions have, but they also celebrate the people involved - the awards ceremony on Saturday was the perfect celebration of this."

About the Wilder Kent Awards

The natural world isn't just something for us to enjoy; it sustains us. The decline of nature puts our very survival and prosperity under threat. But it doesn't have to be like this; together we can create a Wilder Kent.

The Wilder Kent Awards is a scheme set up to recognise and reward the work schools and community groups are doing in helping us create a #WilderKent. By taking positive actions to restore nature, they are helping to create a more climate-resilient county and provide a home for wildlife. Their action benefits us locally and helps tackle the global environmental threats we all face.

These awards are open to schools, colleges, universities, nurseries, community groups, businesses and villages, towns and cities across the county. They acknowledge the hard work and action taken to create a Wilder Kent whilst ensuring that people and wildlife co-exist for future generations.

The awards are free to enter, with the actions split into 3 main criteria: Protect & Restore, Sustainability & Carbon Reduction and Inspire & Collaborate. Upon signing up, you will receive an awards booklet which provides guidance on actions you can take for nature under these 3 criteria

Benefits to entering the Wilder Kent Awards

- Be part of a community helping to tackle the 'nature deficit disorder'.
- Improve your health and well-being, physically and mentally.
- Personal satisfaction that you have made a real difference.
- Safeguard nature and wildlife for future generations.
- Enjoy new experiences and learn new life and craft skills.
- Spend time in the fresh air and appreciate nature.

About Kent Wildlife Trust

Kent Wildlife Trust is the county's leading conservation charity with more than 31,000 members and over 1000 registered volunteers. We manage and protect over 9000 acres of land across more than 80 different sites and nature reserves, alongside 2 visitor centres.

We work closely with local communities, landowners, and partners to protect and improve habitats in the countryside, coast and town for the benefit of the wildlife and people of Kent.

The charity also campaigns against inappropriate and damaging development and educates and inspires young people to help secure a more sustainable future and create a Wilder Kent.

Supporting your child's attendance at school

It was great to see so many students receiving R points for over 96% attendance at the half way point in the year last term; thank you for helping them achieve their potential. However, we do know that sometimes getting children into school can be challenging. We have trained key staff in EBSA (Emotionally Based School Avoidance) strategies and *Family Horizons* have produced some useful advice for

parents - please click this [Registration Link](#)

Do discuss any barriers to attendance with your child's Pastoral Support Assistant.

Riverside Primary and Rainham Mark Grammar School Join Forces for Science Week

As part of this year's Science Week celebrations, our science outreach team from Rainham Mark Grammar School visited our trust partner, Riverside Primary School, to deliver a hands-on CSI-themed workshop for their Year 6 pupils. The day was a fantastic success, full of curiosity, teamwork and scientific discovery.

The visit had been eagerly anticipated by Riverside staff and students, with Science Lead Rebecca Wild sharing how excited the children were in the days leading up to the event. Our team — led by **Helena Mee (Teacher of Science, Chemistry)** assisted by **Howard Barty (Teacher of Physics, Science and KS3 Co-ordinator)** — arrived early on Wednesday 11th March to set up four interactive stations and a mini crime-scene investigation for pupils to explore.

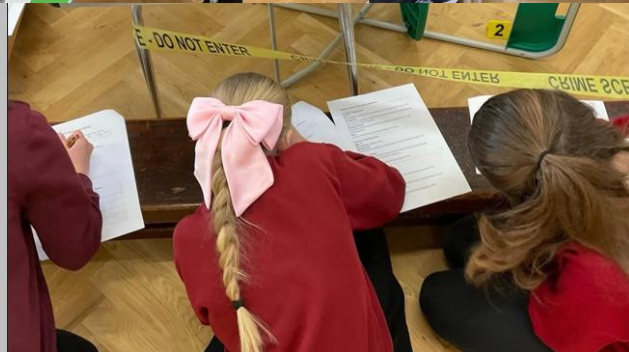

Across two workshop sessions, pupils from Eagles and Owls class became young forensic scientists, observing evidence, analysing materials and piecing together clues. The engagement was outstanding; staff at Riverside commented on how focused and enthusiastic the children were throughout.

The collaboration went beyond the workshop itself. Earlier in the week, The team also supported Riverside by providing ideas for a curiosity-themed science assembly, helping them inspire the whole school with demonstrations about bubbles, magnets and rainbows — all centred around the message that *scientists are people who ask questions*.

Riverside staff feedback described the sessions as “amazing” and “such a great experience for the children,” noting how much the pupils loved taking part and how memorable the activities were.

We are incredibly proud of our students and staff who help prepare and support outreach projects like this. Partnerships like this are central to our trust's mission to nurture scientific curiosity across all stages of education.

We look forward to continuing our work with Riverside Primary and inspiring the next generation of scientists together.

Netball Celebration

Betsy H-B, Inaaya E and Imogen A created their own new netball team last summer and entered themselves into the Medway adult league. This was entirely their own initiative. They reached out to friends that they have made on the netball courts and built up the team - organised the attendees, entered the league (with some parental support) and committed to playing weekly against adult teams throughout the winter season.

I am really pleased to let you know that they have now **won their entry division**, and by quite a distance!! It is a fantastic achievement and shows a huge amount of determination, confidence, and teamwork from all three 14-year-old girls.

They have represented themselves extremely well and should be very proud of what they have accomplished.

**Well done girls,
we are enormously
Proud of YOU!**

The Career Teams page enables all students to keep up to date with news and opportunities

Career provision at Rainham Mark Grammar School

All students:

- Start to have access to Unifrog from Year 7 - 13.
- Embedded Careers Programme across all Years
- Access to Career 1-2-1 meetings with our Careers Adviser
- Access to Career Resources and updates via Website, After School Career Surgeries, Careers office, Careers Teams page, Lessons, Form Time and Assemblies
- Opportunity to become a Career Champion for their year
- Have one subject and one PSHE lesson per term which is Career specific.
- Opportunity to input into Career provision via annual audit
- Career Fair in January run until 4pm for all students
- Work Experience in Year 10 and 12
- Enrichment week in July with focus on careers
- School Wide designated Career Week in November
- Access to a programme of Talks after-school delivered by Businesses and Organisations on their Career Pathways and Industries.
- At least one Assembly from an Apprenticeship provider
- All SEND students offered priority careers 1-2-1 meetings with Mrs Williams

CAN YOU HELP?

Can you - or anyone you know - support our
Careers Programme please?

We are passionate about providing a robust and fulfilling career programme to ALL students. Whether it's a Talk, Career Fair, Work Experience or workshop...if you can help support in any way we'd love to hear from you. Whether you are a sole trader, small business, large business or retired... your experiences might help shape our youngsters.

Please contact me for a chat or more information :

ewilliams@rmet.org

Linking subjects to careers : How does my child's subject link to a career?

It's important for students to recognise the link between the subject they are studying and potential career pathways. Each week we will feature a specific subject and show how this links to a career pathway. In addition this tool can be useful for students who aren't sure what the subjects they study at school or college have to do with work and their career OR those that really enjoy a subject but wonder if there will be any future use for it in the workplace?
